Guys,

Sorry for another e-mail. Bid night plan has been changed. Dimitri wants to say something to the pledges once we bring them all back like he has done in year's past. It's okay, we'll make it work. New plan.

1. People will be assigned to deliver bids. Cars will not be used. When you deliver your bid, tell them to bring a blindfold (tie, whatever) and show up at a time that we will determine Friday night. Tell them to stand in between Rocky and Beta. Also, take their phone right away. Obviously don't lose it, bring it back to the house and we'll have a collection.

2. Dimitri will talk to them outside for 5 minutes. By this point, every brother will be in the basement, lights on, with two full tables of beer cups already poured. **ONCE PLEDGES ENTER THE BASEMENT ONE BY ONE, DO NOT SAY A WORD. THEY WILL BE BLINDFOLDED.**

3. Once all of the pledges are down there, they will be told to remove their blindfold. The first thing they will see is a packed basement, and Ned standing in front of them.

4. Ned will say a few words. During this time, Grant/Faulkner/Keller will run into the basement fully masked screaming about how we didn't even want these kids and it's bullshit that we're being nice to them tonight. Just absolute screaming our fucking heads off.

5. After like 20 seconds of us yelling, brothers need to remove us from the room. "Hold me back" style. We're obviously trying to pretend that we didn't plan that and that the pledge trainers are legitimately furious about the situation.

6. Ned will then finish talking, and celebration will commence.

PLEASE LET ME KNOW IF ANY OF THIS DOESN'T MAKE SENSE. BOTTOM LINE IS BROTHERS NEED TO BE IN THE BASEMENT BY A SET TIME. ONCE YOU SEE A PLEDGE, DEAD SILENT.
